Procedures and Measures in Place

Our Child Safeguarding Statement and Risk Assessment has been developed in line with requirements under the Children First Act 2015, the *Children First: National Guidance 2017*, and *Child Safeguarding: A Guide for Policy, Procedure and Practice, 2nd ed. (Tusla, 2024)*, and the *Child Protection Procedures for Schools 2025*. In addition to the procedures listed in our risk assessment, the following procedures support our intention to safeguard children while they are availing of our service:

> Procedure for the Management of Allegations of Abuse or Misconduct against School Personnel Relating to a Child Availing of Our Service

~ Where any member of school personnel is the subject of any investigation in respect of any act, omission or circumstance in relation to a child attending the school, the school is required to adhere to the relevant procedures set out in Chapter 7 of *the Child Protection Procedures for Schools 2025* and to the relevant agreed disciplinary procedures for school staff which are published on the gov.ie website.

> Procedure for the Safe Recruitment and Selection of School Personnel to Work With Children

~ The school is required to adhere to the requirements of the Vetting Act. The selection or recruitment of staff and their suitability to work with children, requires the school to adhere to the statutory vetting requirements of the National Vetting Bureau (Children and Vulnerable Persons) Acts 2012 to 2016, and to the wider duty of care guidance set out in relevant Garda vetting and recruitment circulars published by the Department of Education and Youth and available on the gov.ie website and as outlined in Chapter 10 of the procedures.

~ A written protocol is in place authorising immediate action for cases which require an employee to be immediately absented from school for child safeguarding reasons.

> Procedure for Provision of and Access to Child Safeguarding Training and Information, Including the Identification of the Occurrence of Harm

~ The school provides information and training to members of school personnel in relation to the identification of the occurrence of harm (as defined in the 2015 Act) as follows:

- ~ The school has provided each member of school personnel, including any new members of school personnel, (employees and volunteers, board of management members, student teachers and those on work experience) with a copy of the school's Child Safeguarding Statement and Risk Assessment.
- ~ The school ensures that members of school personnel have availed of relevant training and completed child protection training.

> Procedure for the Reporting of Child Protection or Welfare Concerns to Tusla

Mandated reporting applies to all registered teachers and any other mandated person who may be employed by the school, for example a chaplain or nurse. A full list of those people who are mandated persons is set out in Appendix 1 procedures.

> Procedure for Maintaining a List of the Persons (if any) in the Relevant Service Who Are Mandated Persons

~ There is a procedure in place to maintain a list of mandated persons. Schools may on occasion employ additional staff who are mandated by virtue of their profession. This list will include all registered teachers and identify additional employees that are not registered teachers.

> Procedure for Appointing a Relevant Person (In schools this person is the DLP)

~ There is a procedure in place for appointing a relevant person.

A written assessment setting out the areas of risk identified and the school's procedures for managing those risks is included with the Child Safeguarding Statement.

Note: The procedures and measures in place outlined above, are not intended as exhaustive list. Individual boards of management shall also include in this section such other procedures and measures that are of relevance to the school.

Examples of Activities, Risks and Procedures

The examples listed in this document are provided to assist schools in undertaking their risk assessment under the Children First Act, 2015. Schools should note that this list of examples is not intended to be exhaustive, and that the inclusion of an example of a policy or procedure on these lists does not make it mandatory. It is the responsibility of each school to ensure, as far as possible, that any other risks and procedures that are relevant to its own particular circumstances are identified and specified in the written risk assessment and that adequate procedures are in place to address all risks identified.

It is acknowledged that schools already have in place a range of policies, practices and procedures to mitigate the risk of harm to children while they are participating in the activities of the school and that some school activities will carry low or minimal risks of harm compared to others. In the context of the risk assessment that must be undertaken by schools, the Children First Act, 2015 refers to risk as 'any potential for harm'.

Therefore, it is important that, as part of its risk assessment process, each school lists and reviews all of its various activities (which shall include identifying those that may carry low risk of harm as well as those that carry higher risks of harm). Doing so will help the school to:

- Identify, as required under the Children First Act, 2015, any risks of harm that may exist in respect of the school's activities.
- Identify and assess the adequacy of the various procedures already in place to manage those risks of harm.
- Identify and put in place any such additional procedures as are considered necessary to manage any risk identified.

Online Safety

The *Addendum to Children First: National Guidance for the Protection and Welfare of Children 2017* published in January 2019 clarifies that organisations providing relevant services to children should consider the specific issue of online safety when carrying out their risk assessment and preparing their Child Safeguarding Statement and Risk Assessment.

The Guidance on Continuity of Schooling for primary and post-primary schools (April 2020) advises of the importance of teachers maintaining the safe and ethical use of the internet during distance learning and assisting parents and guardians to be aware of their role also. Schools should ensure that their Acceptable Use Policy (AUP) informs and guides remote or distance learning activity.

Risk in the context of this Child Safeguarding Statement and Risk Assessment is the risk of 'harm' as defined in the Children First Act 2015 and not general health and safety risk. The definition of harm is set out in the Children First Act 2015: 'harm' means, in relation to a child— (a) assault, ill-treatment or neglect of the child in a manner that seriously affects or is likely to seriously affect the child's health, development or welfare, or (b) sexual abuse of the child, whether caused by a single act, omission or circumstance or a series or combination of acts, omissions or circumstances, or otherwise.

Child Protection Statement and Risk Assessment

In accordance with Section 11 of the Children First Act 2015 and with the requirements of Chapter 9 of the Child Protection Procedures for Schools 2025, the following is the written Child Safeguarding Statement and Risk Assessment.

In undertaking this Child Safeguarding Statement and Risk Assessment, the board of management has endeavoured to identify as far as possible the risks of harm that are relevant to this school and to ensure that adequate procedures are in place to manage all risks identified. While it is not possible to foresee and remove all risk of harm, the school has in place the procedures listed in this risk assessment to manage and reduce risk to the greatest possible extent.

This Child Safeguarding Statement and Risk Assessment was reviewed by the board of management on 18th June 2026.
